Japs, Driven Back In Yunnan, Call Up Help, Attack Anew

Fresh Drive Is Started In Western China As Reinforcements Arrive To Halt Flight of Invaders, Driven Back to Frontier

(By Associated Press.)
CHUNGKING, China, May 12.—The Japanese have brought up reinforcements and are making a new attack on the Yunnan front in western China, a Chinese communique announced tonight.
This followed an earlier report by a Chinese military spokesman that the main force of the Japanese invasion column which had struck deep into Yunnan from Burma had been driven back to the frontier town of Wanting but that heavy fighting with Japanese rearwards continued in the Chefang and Mangshih areas, 25 to 55 miles inside Yunnan.
Arrival of Japanese reinforcements apparently again converted the rear guard into an advance guard.

BRITISH LOSE 3 DESTROYERS

Warships Sunk by German Bombing Squadron In Mediterranean

(By Associated Press.)
LONDON, May 12.—The British admiralty announced today that three British destroyers had been sunk by German bombs in the Mediterranean.
The destroyers were the Lively, Javelin and Kipling. More than 500 officers and men from the three ships were saved.
Complements of the three ships were believed to total about 600 officers and men.
All three were new, the Lively, 1,920 tons, having been completed in 1940, and the other two, each of 1,695 tons a year earlier. Normal complements of the smaller ships were 183 men, the Lively's probably somewhat larger.
"Yesterday afternoon a force consisting of four of our destroyers was heavily attacked by German aircraft in the eastern Mediterranean," said the communique.
The Lively was first hit and sunk, and when the remaining three destroyers were subjected to further heavy attack the Kipling was sunk.
The Javelin, also badly hit, was taken in tow, but had to be sunk by the British this morning, the admiralty said.
During the attacks British fighters destroyed one of the German bombers and damaged at least seven, the communique said.

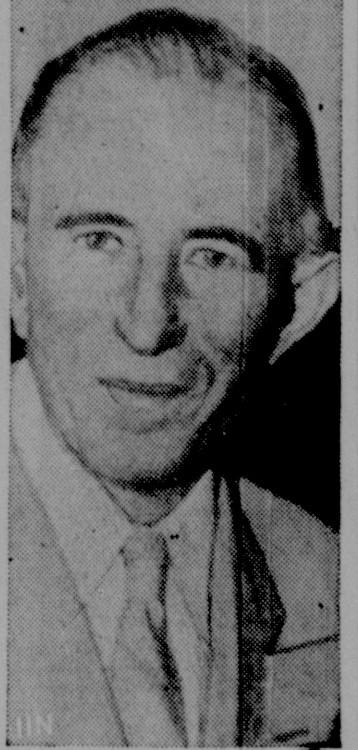

CHILD IS INJURED IN AUTO ACCIDENT

Patricia Mayhew, 7-year old daughter of Mr. and Mrs. Joseph Mayhew of 388 E. Third st., suffered a slight concussion and bruise on her head and body when she was struck by an automobile after running into the street at the corner of E. Fourth st. and W. School st. at 5:45 p. m. Monday, police reported.
She was taken to the Central Clinic by the driver of the car, Donald Davis of 1254 E. Tenth st., who said that the left front fender of the machine hit the child. The car was traveling west on Fourth st. at the time.
Mrs. Letha Rice of R. D. 4, Salem, told police that an unidentified woman walked into the side of her automobile at the corner of S. Lincoln ave. and E. Pershing st. at 5 p. m. yesterday. The pedestrian, who reported that he was unhurt, failed to give his name, she said.

Ex-Consul a Raider?

Baron von Spiegel

Is Baron Edgar von Spiegel, World War I U-boat captain and former German consul-general for the entire Gulf coast of the U. S., now operating as a U-boat officer in the waters of the Gulf of Mexico? During World War I von Spiegel never sank a ship with loss of life, thus earning the title of "Germany's most chivalrous captain." In the sinking of a ship in gulf waters recently, survivors told of the U-boat officer, standing on the bridge of the Nazi sub, calling out to them, "Sorry we can't help you. Hope you get ashore O. K."

THREE ARE HURT IN HIT-SKIP ACCIDENT

Three Alliance persons were injured when their automobile was struck by another car, operated by a "hit-skip" motorist, on Route 62, near Westville, at 9 p. m. Monday.

Ervin F. Yeagley, 44, of 177 E. Grant st., Alliance, driver of the second car, was apprehended later by Salem state highway patrolmen and jailed here to await a hearing.

Lawrence C. Moushey, 37, of 62 E. Broad st., Alliance, the other motorist, escaped injury, although his wife, Esther, 37, received a bruised shoulder, and Lawrence D. Moushey, 62, a bruised hip. Mrs. Loretta Young, 40, also of Alliance, riding in the Moushey car, suffered a bruised shoulder.

DEPENDENTS WON'T STOP ARMY SERVICE

So Declare Draft Officials With Biggest Call Coming Up

THOSE DEFERRED FACE NEW SUMMONS

"Acquiring" Dependents to Avoid Service Won't Work, Board Says

Many selective service registrants who have been deferred from military service solely because they have dependents will eventually be inducted unless they become engaged in activities essential to the nation's war effort, Salem draft board officials declared today as they prepared to summon the largest group of men ever to leave the city in a single draft call.

The call, scheduled for the latter part of May, will practically exhaust the roster of Class 1-A men, clerks at the Memorial building office of the Columbiana county No. 2 draft board said.

Notices to report for induction were mailed yesterday to these men. The mailing of occupational questionnaires to Feb. 16 registrants has been completed here and the regular questionnaires are now going out.

Selectees from among the men who registered Feb. 16 weekend will be inducted into the army next month, national headquarters has advised the local board. They will be distributed proportionately with the Class 1-A registrants remaining from the first two registrations.

"Work or Fight"

"We are rapidly approaching the stage where everyone must be working or fighting to win the war," Col. C. W. Goble, state director, of Selective Service, advised the Salem draft board by letter yesterday. War requirements—the demand for manpower by essential industries as well as the armed forces—will compel local boards within the next several months to find selectees for their quotas among registrants who have dependents.

Right now the Salem board is reconsidering all registrants with dependency deferments for two major purposes, officials explained. The first is to eliminate from this class all men who can not prove that their dependents need their earned income for support in a reasonable manner and all who can not prove that they did not acquire dependency to avoid military service. The second purpose is to distinguish between men who have dependents but are not engaged in activities aiding the nation's war effort and those who are contributing to victory by their work as civilians.

By making this distinction between those engaged in essential activities and those whose civilian occupation is to dependents, Page 8

BRAKEMAN "CUT OUT" OF WRECKED ENGINE

CLEVELAND, May 12.—A 30-year-old Nickel Plate brakeman, John Schaffer of Bellevue, O., was thankful today for the feverish rescue efforts of a wrecking crew which cut him out of an overturned locomotive.

Flames from burning freight cars sent smoke swirling around Schaffer for nearly six hours last night while workmen used torches to free the trapped men. He was rushed to a hospital with an injured leg.

The locomotive and nine cars of a freight train were derailed late yesterday a mile south of Union terminal.

The cause was not immediately determined, but an FBI agent consulted with Safety Director Frank J. Celebrezze, presumably on the possibility of sabotage. At the same location two other accidents have occurred.

Schaffer was conscious throughout the time rescuers worked to free him.

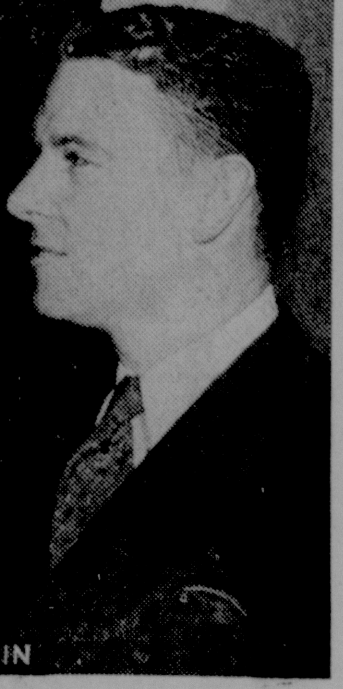

PLEAD NOT GUILTY TO TRAFFIC COUNT

Ervin Floyd Yeagley of Alliance, arrested by state highway patrolmen on charge of reckless driving in connection with a Route 62 accident near Westville last night, pleaded not guilty before Mayor R. Johnson this morning and was bound over to the grand jury. Bond was set at \$500.

Arthur Leasure, 23, of 353 Fourth st., charged by the patrol with "hit-skip" following a recent accident, was fined \$25 and costs by the mayor on Monday.

Raymond Miller, 40, of Canton, whose machine sideswiped a patrol car Friday night, appeared before Mayor L. A. Bandy at Sebring last night to answer to charges of reckless driving and operating a car in violation of a temporary permit. He drew a fine of \$10 and costs on each count.

'FILL 'ER UP'—FOR LAST TIME

Phrase Goes Into History As Gas Rationing Begins In East

(By Associated Press.)

The motorists' nonchalant "fill 'er up" to filling station operators was on its way out for the duration along the eastern seaboard, but there were countless car owners who tried to get it in for the last time before gasoline rationing becomes effective May 15.

From all sections of the 17 eastern states where registration for rationing began today (Tuesday) came reports of runs on gasoline pumps over the week-end, depleting stocks dealers had tried to hold for emergencies and in many places making the filling-station man's only job to announce: "Sorry, no gas."

"Every motorist apparently is trying to get a full tank before rationing starts," said the Retail Gas-

WASHINGTON, May 12.—Private cars of congressmen were designated as essential today, entitling the lawmakers in the house and senate to an unlimited supply of gasoline under the government's rationing plan.

And Dr. Henry Olson, in charge of information at a registration station set up in the capitol rotunda, said a majority of the congressmen were taking the "X" cards, the unlimited type, after reporting they used their automobiles for official business.

There were exceptions, however. One senator said he didn't need much, and a representative said he was trying to reduce his waist line and get in the marines.

oline Dealers association in the nation's capital, expressing a view which was general throughout the 17-state area.

In New York City, where gasoline pumps are closed on Sundays, most dealers were sold out by Saturday night. Although May quotas eased the situation on Monday, stocks were generally low. Many motorists seeking a full tank or 10 gallons drove away with three gallons or none at all.

NO BRIDGE FISHING, SPORTSMEN DECREE

Columbiana county fishermen won't be allowed to cast their lines from a bridge in the future—at least for the duration.

Members of the Columbiana County Fish & Game Protective association at a meeting last night in Lisbon adopted a resolution closing all main streams and bodies of water within 100 yards of any bridge as a defense measure.

The sportsmen pointed out as an example that an enemy agent could pretend to be fishing from an important highway span and yet be busily engaged in planting an explosive under the bridge.

The county fish and game group also voted to purchase more War Bonds in the near future to add to their \$500 collection.

TEACHER PAY INCREASED BY SCHOOL BOARD

Second Two and One-Half Per Cent Restored to Instructors

BOARD APPROVES RE-APPOINTMENTS

Overturf, Brown Continue As Football, Basketball Coaches

Salem public school teachers, working on a 92.5 per cent salary schedule, were voted another two and one-half per cent return on an original 10 per cent cut when board of education members held a special meeting Monday night at the high school.

The board also approved the re-appointment of teachers not already holding continuing contracts.

The teachers were voted their first restoration last February when the board approved a two and one-half per cent raise, effective March 1.

Several changes in the High school athletic staff were approved by the board last night. Eamon G. Ludwig and Loren D. Early continuing as High school and Junior High school principals, respectively.

Ray Overturf, head football coach and track instructor, was named as assistant basketball coach, while Herbert H. Brown, cage mentor, was appointed to serve as assistant football and track coach.

Frederick Cope continues as faculty manager of athletics.

Board of education members admit that the teacher situation is a little uncertain as far as the reopening of schools next fall is concerned.

Several of the male instructors who have obtained temporary draft deferments, face the possibility of army induction during the summer months.

SCHOOLS FACING CUT IN ATHLETICS

Buses Ineligible for Tires If Used to Transport Teams

(By Associated Press.)
WASHINGTON, May 12.—Ohio's high school sports program must give way to the necessities of war.

This in effect is the decision of the Office of Price Administration which said there would be no modification of orders making school buses ineligible for new tires if they were used for excursions of any kind, including the transportation of athletic teams.

War Gets First Call

"We realize," Grenville R. Holden, chief of the division, wrote Representative William R. Thom (D-Ohio), "the effect this ruling will have on many of the interscholastic athletic programs, yet none of us can lose sight of the absolute necessity of granting our armed forces first call on our rubber supply and of conserving that which remains for only the most vital transportation services."

The letter said the OPA recognized the value of athletic programs, particularly during the war period, but added:

"The fact is that our rubber supply is not sufficient at the present time to take care of all the essential transportation needs of the country. We have been unable to provide new tires for transportation of defense workers and many similar services."

The Canton congressman, had forwarded to Holden a letter from R. A. Straussner, superintendent of schools at Louisville, Ohio, asking if it was the government's intention to stop interscholastic athletic activities.

Little Choice Left
"Naturally," Straussner wrote, "if we can not transport students on

JAPAN'S NAVY PAYS HEAVILY

Two, Possibly Three More Vessels Sunk or Damaged by Allies

(By Associated Press.)
ALLIED Headquarters, Australia, May 12.—Japan apparently still was paying a disastrous price today for her defeat in the Coral sea as General MacArthur's headquarters announced that allied fliers tracking down the scattered, hiding remnants of the great enemy invasion armada and other units had damaged two and probably three more ships.

This raised the count of Japanese losses in the six-day battle in the sea gateway northeast of Australia and in its sequel, a ceaseless search of island hideaways to 23 or 24 ships in the eight days from the start of the CMoral sea battle through yesterday.

Nevertheless, Japan's plans have only been delayed and the threat still hangs over Australia that she will try again to smash southeast, Air Minister Arthur S. Drakeford warned.

Two more enemy transports—casualties numbers 22 and 23—were hit yesterday in the Solomon Islands, which enclose the Coral sea on the north, a communique from General MacArthur's headquarters announced.

The possible 24th Japanese casualty was a large tanker on which, the communique said, air raiders registered two hits or near misses in the Deboyne islands of the Louisiade group, a cluster of tiny islets in the Coral sea off the southeast tip of New Guinea.

An army spokesman said the Louisiades definitely were not occupied by the Japanese, explaining the enemy had landed a few stores.

"BEAU PARLORS" SET FOR WORKING GIRLS

WASHINGTON, May 12.—Girls working here for the government who will live in a new federally-financed hotel for women will pay \$34.50 a month for single room, without bath, but they may entertain their swains in romantically-named parlors.

Ralph S. Scott, who built the place with an R.F.C. loan, said the "beau parlors" would bear such names as "Anthony-Cleopatra," "Romeo-Juliet," "John Alden," etc. Nearby the parlors will be a pipe organ provided for "concerts, weddings or divine services."

Scott said the rental rates were fixed by the government and that rooms with private baths rented for more than \$34.50 a month.

The 250-room hotel will be ready for occupancy in about three weeks.

Caucasus Front Is Scene Of First Gas, Charged Against Nazis

(By Associated Press.)
MOSCOW, May 12.—A German offensive against Soviet positions blocking invasion of the Caucasus died down overnight as quickly as it had flared up on the Kerch peninsula of the Crimea, the Russians disclosed today.

The mid-day communique said nothing important occurred last night, indicating the Nazi push had ceased at least temporarily.

Whether Red army resistance halted the attack or the Germans reverted to their old tactics of fighting by day and resting by night could not be determined immediately.

(The British radio quoted a Berlin broadcaster as speaking of "offensive and defensive actions fought east of the Kerch-Kharkov line," which would cover a mainland area of more than 200 miles in the lower Donets basin as well as the Crimea.)

Soviet Makes Report

The lethal clash of men, machines and planes across eastern reaches of the Crimea, which were lost and then regained by the Russians in 1941, was disclosed in a restrained midnight report of the Soviet information bureau.

"During May 11 in the Kerch peninsula," it said, "our troops waged stubborn battles against German Fascist troops who had taken the offensive. On other sectors of the front, nothing of significance occurred."

German goals include seizure of oil and timber of the Caucasus, turning of the Allied flank in Iran and possibly a junction with Japan at the Indian ocean.

"The southern front is the first to offer solid footing after the Russian winter. Military observers long have forecast that Hitler would make his first major move of the spring there.

7 to 5 Ratio Seen

Judicious concentration of power, however, is obviously necessary. Premier Joseph Stalin's effective estimates by the Allied publication, Free Europe, to total 350 divisions and the Axis' 285—roughly 7,000,000 men against 5,000,000.

It was in the Crimea, a bloody battleground since it was cut off from the Red armies of the Ukraine last Sept. 21, that the Germans were reported by Tass to have used poison gas shells on the Russian front for the first time Thursday.

The Germans are estimated to have lost 50,000 men in vain attempts to capture Sevastopol, the Red fleet naval base on the southern coast. At Kerch they face fortifications the Russians have been building up ever since combined Soviet army and navy forces struck from the Caucasus Dec. 29-31 to regain peninsular positions they had lost in October.

OVER TWO MILLION ENROLLED FOR WAR

COLUMBUS, May 12.—Ohio now has 2,173,142 men between 20 and 65 years of age registered for "fight or work" duty in the war program, selective service officials announced today.

In the last draft registration, April 25-27, the state's 330 draft boards signed up 808,426 men between 45 and 64 years of age. Previously 1,364,716 were registered.

Draft officials indicated last week that every able-bodied Ohioan over 20 would be in the armed service or a war industry within the next year unless he had more than one dependent or already was doing essential war work.

No draft figures are being released on the number of Ohioans who have been drafted during the past year, but hundreds are leaving Ohio each week for training camps.

CHAPTER THIRTY-SEVEN

Brinda stabbed blindly. Swift as a cat, Vaslav slipped just far enough to let the blade go by, then caught her wrist.

"Drop it at once, please, or I shall have to hurt you."

The dagger struck the floor and Vaslav picked it up.... sent it plunging into a corner. "You realize you would have stabbed me, I believe?"

He folded his arms, contemplating her sadly. "And that in spite of my saving your life three times. I am not a saint, to say the least. I saved your life?" Brinda looked at him. "What do you mean?"

"Never mind; it isn't important. I shall tell you some day."

Opening a delicately carved ivory case, he proffered a cigarette. She smiled. With a shrug, he lit one himself.

"Well—I am sorry."

"That you saved my life?"

"That I irritated you to the point of trying to take mine.... Can you forgive me?"

Was he making fun of her? Brinda searched his countenance and found no trace of mockery.

Without asking, she guessed that he would not oppose her now if she chose to leave. And that belief—the sudden transition from danger to security, coupled with the violent emotions she had just experienced—made her feel suddenly faint. She swayed, clung to a chair or support.

Vaslav was at her side in a flash. Strange, broken, passionate words poured from him as he lifted her gently, placing her on the wide couch. She became aware that he was kneeling, anxiously imploring her pardon.

She had the sense of watching a play; a play she felt now she would safely see through to the end.

"Please, Vaslav, get up!" He complied instantly. "No, don't stand.... sit there.... Now tell me. Just what is this about? I really think I have the right to know."

He appeared to meditate for a moment his eyes fixed beyond her. He nodded.

"Yes, that is true. But—for one reason only. Because—I love you! Wait—I give you my word that this is true—I have loved you from the first time we danced together—no woman has meant much to me before—I shall never love any other woman again." His tone was vibrant with feeling. "And you may know I am not lying, because I say this realizing that you, of all women, do not love me." His eyes pierced her suddenly. "That's true, isn't it?"

"I'm sorry.... I'm afraid it is."

"Why do you run that knife in me?" He stared at her with despairing eyes. "It's curious.... until tonight, I somehow fancied I was making progress." His tone was bitter. "Tell me, my beautiful, what is it? Why, of all women, should you be the one I cannot possess?"

"What should she say? Of course it would be easy to tell him she was in love with Dick. But that would not help her learn the things she had to know."

"Perhaps," she said softly, after a moment of thought, "it is because you are so mysterious.... well, frankly, because I don't really know you—I can't explain, but you seem to be like this house—full of strange, surprising secrets."

He nodded gravely.

"That is understandable, my dear. But if that is all, it can easily be remedied."

"It can?"

"Certainly." He spread his

SENATE FARM BLOC OFFERS TO RELENT

Agree to Relax Opposition To Sale of Government-Held Surpluses

(By Associated Press)

WASHINGTON, May 12.—Senate farm bloc members offered today to relax in part their opposition to sale of government-held farm surpluses below parity prices in order to release some excess wheat supplies for feeding livestock and poultry.

Chairman Russell (D-Ga.) of a senate appropriations subcommittee considering the annual agriculture department supply bill told reporters he was "very hopeful" that an amendment could be worked out which would allow such sales of wheat under certain conditions.

The amendment, he said, would be offered as a substitute for a house-approved provision which was designed to prevent the sale of any government-held commodities at prices below parity—a level designed to give farm products a value comparable to that of the years immediately preceding the World War.

Russell said that while he did not expect the substitute to meet entirely administration objections to the house provision, he believed the administration would accept it.

The amendment would be so drafted, he said, as to prevent wheat sales at a level which would depress present corn prices, approximately 85 per cent of parity.

Russell said there would be an estimated 750,000,000 to 800,000,000 bushels of wheat above normal demand available this year, part of which would be used to provide additional livestock feed, thereby encouraging production of pork, dairy products and poultry. Officials estimated, he said, that about 15,000,000 bushels could be disposed of in this way.

Washingtonville Group Has Banquet

WASHINGTONVILLE, May 12.—The Mother-Daughter banquet, sponsored by the Busy Bee society of the Methodist church on Friday evening, was largely attended, with 135 present. Following the banquet a welcome was given by the president, Mrs. T. C. Riddle.

Miss Mary Jane Geiger gave a toast to the mothers and Mrs. William Bell followed with a toast to the daughters.

Miss DeElla Smith of Leetonia favored with a vocal solo, "Candle Light." A recitation by Jacqueline Greenamyer and a solo by Joan Jackson, both of Leetonia, were enjoyed. Miss Margaret Wallace of

Columbiana gave an interesting talk on "Mother".

Mrs. Laura Ingensmith received a gift for the oldest mother present and Mrs. Merle Reese and daughter Terrie, received gifts for the youngest mother and youngest daughter.

The Elizabeth class of Trinity Lutheran Sunday school will hold its monthly meeting in the church parlors on Wednesday evening with Mrs. William Grim. Mrs. Emile Cuchemard and Mrs. Joseph Past entertaining.

Daughter Is Born

A daughter was born to Mr. and Mrs. Lester Spear at the Salem City hospital on Friday. Mrs. Spear was formerly Miss Gladys Tetlow, daughter of Mr. and Mrs. William Tetlow.

James Waggle, son of Claire Waggle, is now an apprentice petty officer, first class, at the Great

Lakes Naval Training station at Chicago.

An advanced first aid class will be organized on Thursday evening at the town hall, with Miss Clorinda De Giacomo of Leetonia as instructor.

Mrs. Albert Ritchie entertained the South Side "50" club at her home on Thursday evening. Prizes were awarded to Mrs. Lloyd Culler and Mrs. Loran Welkart. The consolation gift went to Mrs. Howard Stouffer. Mrs. Lloyd Culler will entertain in two weeks.

Let GAS Cooking help you save Vitamins and Minerals for Maximum nutrition

The country is aroused to the need for better nutrition. It's not only that we must eat the right foods, but we must store and prepare them properly so as to serve all the vitamins and minerals we buy. In accomplishing this, modern Gas cooking plays a big role—through low-flame simmer cooking and low-temperature roasting. As a result, your Gas Company

has tied in strongly with the Government's nutrition program because we realize we hold a special responsibility for showing our customers how to get better meals at less cost.

For complete guidance on this important home problem, get in touch with the Home Service Department of your Gas Company.

Gas Cooking Hints to conserve food values

Do's Cook vegetables in small amount of water; too much water dissolves nutrients. Use utensil with tight-fitting lid to keep steam inside; it shortens cooking time, prevents evaporation of water. Start vegetables in boiling water; resume boiling quickly then lower flame. Cook amount needed for the meal. Do not peel, dice or shred vegetables too long before cooking, and never soak; exposure to air and soaking in water reduces vitamin content.

Don't's In cooking fruits do not peel and leave standing in water before cooking. Do not put through a sieve while hot. Do not cook eggs at a high temperature, else protein will be toughened. Do not roast meat except at a low temperature if you would get maximum juices and vitamin content;

Cook the vegetable only until "tender crisp." Never use soda in cooking vegetables; it destroys vitamins. Color is better preserved by shorter cooking time and using less water. Cook what vegetables you can in the skin, many minerals being directly under the skin; otherwise peel thinly. Use cooking water in vegetables or tomato juice cocktail or to enrich soups, sauces, gravies. Serve vegetables immediately.

protein will thus not be overcooked and shrinkage will be reduced. Do not fail to start cooking frozen foods while they are still frozen. Do not fry when it is possible to broil. Avoid stirring; it lets in air.

Weary Little Fugitives Find Haven from Japs

After a long, tiring trip from a town in the war zone of northern Australia, these children curled up and went to sleep on the floor of a reception center in Melbourne. They go to bed without fear of bombs, since the latest U. S. naval victory over the Japs.

Miss Frantz Bride of Mark Craig

The marriage of Miss Katherine Frantz, daughter of Mr. and Mrs. George Frantz, 677 Fair ave., and Mark Craig, son of Mr. and Mrs. W. O. Craig of Calla, was solemnized May 9 at the Episcopal church by Rev. Ian Robertson.

Attendants were Mrs. H. I. Beck and Allison Craig brother of the groom. The bride wore a light blue suit with navy accessories and a corsage of lilies of the valley and bluebells. The matron of honor wore a blue suit with beige accessories.

The groom is employed by the General Fireproofing Co. in Youngstown. The couple will make their home on Oakhill ave., Youngstown.

Mothers Are Honored By Girl Scouts

The Girl Scouts of American Legion troop No. 6 celebrated the third birthday of their organization by honoring their mothers with a party at the Legion home recently. The table was set and decorated in a special program given by the girls with Mary Lou Vincent giving an appropriate reading. Trays filled with corsages for the mothers served as the centerpiece of the table.

The party also served as a farewell party for the leader of the troop Mrs. Chester Chalfant who is leaving Salem to make her home in Pittsburgh. She was presented with a make-up case by the girls of the troop.

Mrs. Lloyd Couchman will serve as the new leader.

Maids of Salem, '38, Honor Mothers

An enjoyable Mother-Daughter banquet was held by the Maids of Salem, '38, Monday evening at the Lape hotel with 24 persons in attendance. A theater party followed.

At the dinner the table was decorated with spring flowers and yellow candles. Individual corsages were presented to the mothers.

The committee in charge included Mrs. Richard Strain, Mrs. Robert Schaeffer, Miss Betty Neal and Mrs. James Pidgeon, Jr.

The group will meet Tuesday evening at the home of Mrs. Ralph Phillips on W. Tenth st.

FBI Probes Shooting

ELYRIA, May 12 — Sheriff Carl R. Finkgen says he has turned over to FBI agents the case of a 20-year-old Elyria High school graduate, who re-enacted for the federal agents his asserted act of firing a rifle bullet at a railroad engineer.

The young man previously had admitted to railroad detectives that he fired at Engineer F. J. Becker, 53, of Port Clinton, because he wanted to stop shipments of war materials. The suspect expressed pro-German sympathies.

Becker is recovering from a head wound in a Sandusky hospital.

FOR HOME DEFENSE

YOUR HOME'S FIRST LINE OF DEFENSE IS A GOOD PROTECTIVE PAINT!

Wise homeowners should insist upon MOORWHITE PRIMER and MOORE'S HOUSE PAINT for maximum protection from weather.

MOORWHITE PRIMER prevents fading, spotting and early chalking of finish coats.

MOORE'S HOUSE PAINT is a pure linseed oil paint that stands up well under the ravages of time and wear.

Working together these two are unbeatable for "Home Defense". PROTECT and BEAUTIFY your home this year.

Sailplanes for U. S. Gliding Marines

A small group of U. S. Marine flight officers attended the Motorless Flight School in Chicago last summer. This year the Marine glider group at Parris Island, S. C., is an experienced outfit with nothing experimental about it. This photo shows some of the gliders used in glider flight training as they were lined up outside the hangars. In the background are the planes used to tow the gliders into the air.

Honor for Peru's President

Dr. Najera, President Prado and Secretary Hull

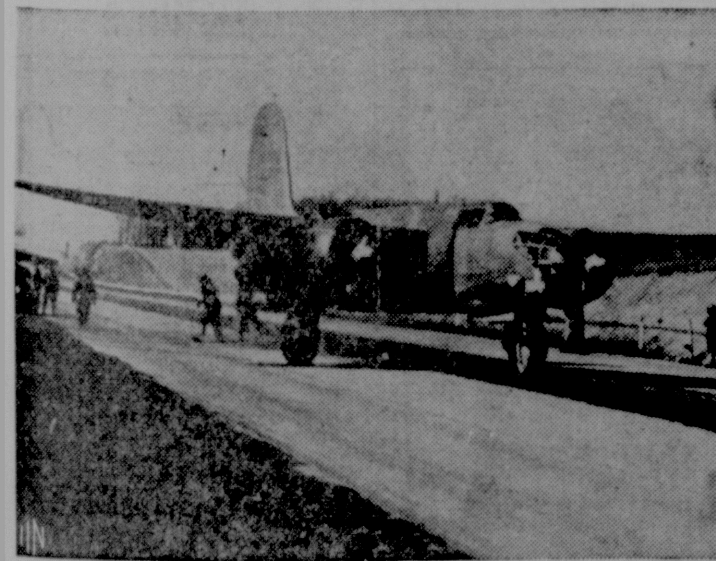

President Manuel Prado of Peru, visiting the United States, is shown, center, with U. S. Secretary of State Cordell Hull, right, as they made an appearance before the governing board of the Pan-American Union in the capital. The board convened in special session to pay homage to the visiting dignitary. At left is Dr. Francisco Castillo Najera, Mexican ambassador to the U. S.

Vet, 73, Joins Up

Saluting with all the vigor of a youngster, 73-year-old Edward Conley of Lee, N. H., is pictured after joining the navy once again. The veteran sailor, who retired in 1930, had already served for 33 years. He returned to duty as a first class engineer.

Look Out Below!

Motorists will have to keep their eyes on the sky as well as the road these days. The War Department has started on construction of flight strips which will be used as auxiliary landing fields. In the photo above an army plane straddles the dual Pennsylvania Turnpike after a forced landing. The flight strips would serve in such emergencies.

Hears Son Preach

Home for a brief reunion with his family at Cambridge, Mass., F. B. Sayre, High Commissioner to the Philippines who escaped from Corregidor, attended services in historic Christ Church. He heard his eldest son Rev. Francis B. Sayre, Jr. (right), deliver the sermon.

Dishwashing Stars at Stage Door Canteen

Helping out at the Stage Door Canteen in New York by washing some of the dishes that continually pile up are Katharine Cornell, first lady of the theatre, and Pete Reiser of the Brooklyn Dodgers. The canteen keeps open house for all service men in the city. Stars of the stage, screen, and the sports world entertain and serve the soldiers and sailors who drop in.

Rescued at Sea by U. S. Patrol Plane

Official U. S. Navy Photos

After drifting for twelve days on a raft, Terrence J. Bradley, of Australia and Joseph Bieltiens, a Belgian citizen, eagerly await the approach of a U. S. patrol plane (top). Both were members of a Panamanian ship that was torpedoed off the Atlantic coast. Bradley, weakened by his arduous experience, is shown being carried ashore at Norfolk (bottom). The hardships proved too much for Bieltiens, who died shortly after his rescue. There was plenty of water, but no food aboard the life raft.

U. S. Soldier's Bathroom—Hawaiian Style

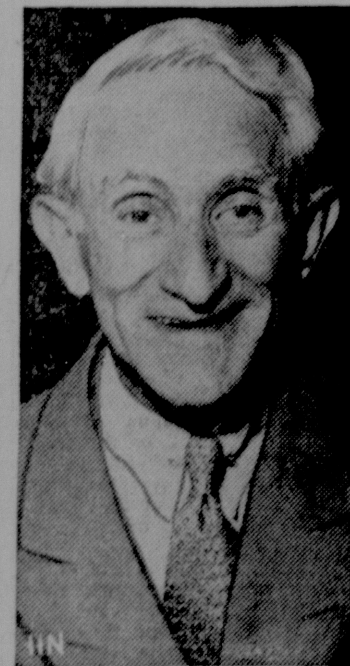

A soldier has to make the best of a situation in the field whether it be eating, sleeping or washing. Two members of the U. S. army, stationed in the hills of Hawaii, wash up after a hard day's work under their home-made outdoor showers while another shaves before a mirror hung from a small tree. Thick foliage, instead of tiled walls, insures privacy.

Receive Rescue Instructions

These fliers at an Army air field on Oahu, Hawaii, are receiving instructions on how to effect a rescue in event of an accident or forced landing. In an emergency the rubber boat (shown above) is dropped from a rescue plane to the "victims" in the water. The boat has gas-bottle inflator, flares, oars, water, pump, first aid kit and rubber patching kit.

Famous Comic Dead

Joseph M. Weber

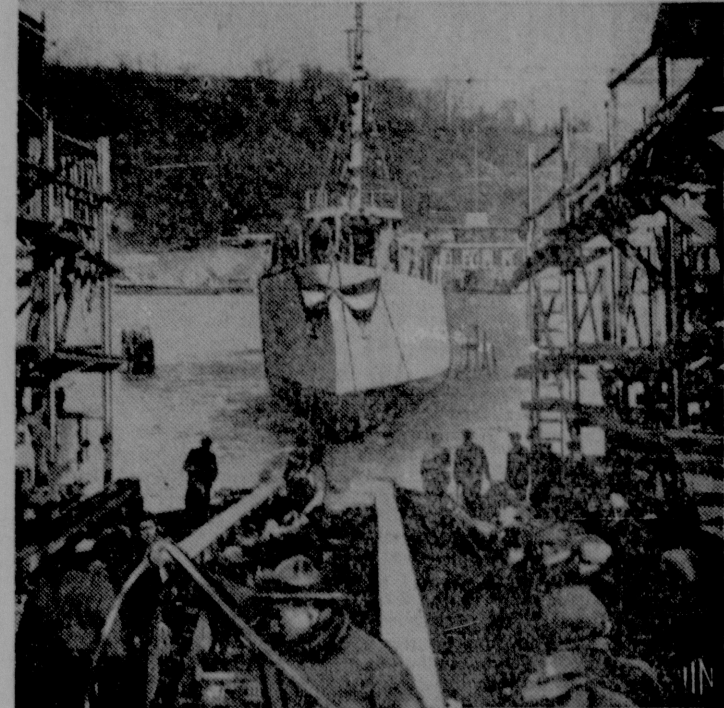

Death drops the final curtain on the career of the burlesque comedy team of Weber and Fields, world-famous long before the turn of the century, with the death of Joseph M. Weber, 74, in Los Angeles. Fields died last July. The two entered the show business in 1876 when they were only nine years old. They launched their own music hall in 1885.

PASADENA, Cal.—Police charge the existence here of a so-called "One-Hundred-Mile-an-Hour Club" composed of at least 50 automobilists who race each other with "hopped-up" cars. Police hold the club responsible for numerous accidents.

SAN FRANCISCO — Mrs. Cécile Madison, 23, this city's only woman taxicab driver, was brought into a court on a speeding charge. She told the court she was hurrying home to feed her 3-year-old son. So the court suspended her sentence and gave her a lecture.

ASHLAND, Me.—Although they have not registered for the draft, 200 eligible lumberjacks in surrounding forests face no prosecution. Officials at nearby Fort Kent say the men will be enrolled as soon as a special registrar can reach them.

Another U-Boat Battler Launched

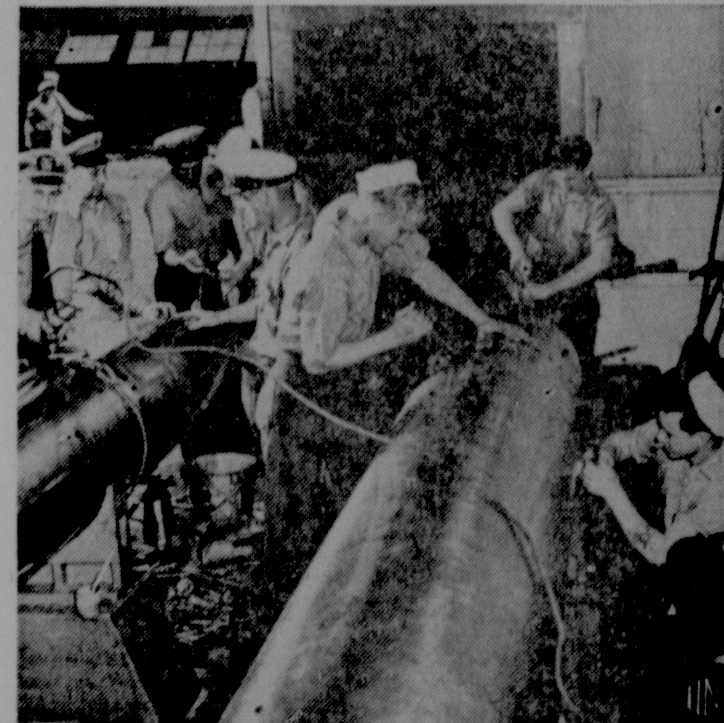

The PC 564, a submarine combat vessel, is shown just after it had been launched at the Bronx, N. Y., yards of the Consolidated Shipbuilding Corp. As soon as the hull hit the water, shipyard workers laid the keel for the next vessel.

Ask Martinique Anti-Axis Pact

The U. S. State Department announced that Samuel Reber (left), assistant chief of the division of European affairs in the State Department, and Rear Adm. John H. Hoover, commanding naval officer of the Caribbean Sea front, had requested guarantees from the local government of Martinique that that island and other French possessions in the area would not be used to become menaces to the United Nations. The request was made to French High Commissioner Georges Robert.

Hawaiian 'Pineapples' for Japs

U. S. Navy torpedo experts are shown working on some "gifts" that may mean sunset for some of the sons of the Rising Sun, in a workshop of the submarine base in Pearl Harbor. The boys have a personal interest in this dispute with the Japs. Hawaii is determined that never again will it be caught unprepared.

Contest for Senate Seat

Tom Berry

Gov. Bushfield

Former Gov. Tom Berry of South Dakota and the present governor, Harlan J. Bushfield, will oppose each other in November in South Dakota's U. S. senatorial race. Berry, an all-out Roosevelt supporter, defeated Senator William J. Bulow in the state's Democratic primary. Governor Bushfield, G. O. P. candidate for the vice presidential nomination in 1940, defeated Olive A. Ringsrud, secretary of state, in the Republican primary.

Salem News, Recreation Triumph In Class A Softball Openers

ZINES HURLS FOUR HIT GAME; PHILLIS SHUTS OUT SAXONS

Scott's Sports, Orphans Make Class A Debuts At Park Tonight

The Salem News and the Recreation scored wins in the Class A city league softball inaugurals at Centennial park last night. The News, consisting behind the six-hit pitching of Phillis, had no trouble scoring a 6-0 triumph over the Saxons, Pauline, on the mound for the Saxons, gave up seven hits but five errors by his infielders kept him on the spot practically every inning of the game.

The News opened their victory bid with a two-run outburst in the third frame and added one in the fourth and three in the sixth to sew up the decision. The News' hitting was well divided while Walt Kinn and Mike Linder slugged out two safeties apiece to pace the Saxons. Kinn's two blows were doubles while Linder collected two singles.

With big Johnny Zines in rare early season form, the Recreation tripped the newly-organized Phalanx club by a 4-1 count. Zines whiffed eight of the fraternity men, and failed to pass a single batter. Don "Sal" Freed was the only member of the losing team who solved Zines' offerings. He blasted out two singles in three trips to the plate. Joe Kelley and Caldwell each gathered two hits to aid the Recreation cause. The lanky Recreation hurler gave up but four hits in winning his first start of the campaign. Both teams seemed a little jittery at first, the Phalanx committing three errors and the winners, two.

Tonight's state will bring together four more teams who will make their debuts. In the evening's opener the Carroll club will tangle with the new Scott's Sports while in the late evening the Electric Furnace outfit will meet the Orphans, a group of high school boys. The first game will begin at 6 o'clock.

CONN LOSES SHOT AT LOUIS' CROWN

BY SID FEDER
(By Associated Press)
NEW YORK, May 12.—The punch Billy Conn landed on his father-in-law's head, in a fight that started out as a "kiss-and-make-up" feast, may cost the Pittsburgh pretty boy a cool \$125,000 or more.

That's what he could have expected as his share from his fight with Joe Louis. This tussle is off now, because the punch broke Billy's hand and put him out of action for ten weeks or more.

Of course, Promoter Mike Jacobs says Billy'll get a return shot at the Bomber in September. Meantime, the June or July title chance will go to someone else, probably Robert Pastor in New York, Cleveland or Chicago.

Billy was back at Fort Wadsworth today taking up his back-packing where he left off before going to his Pittsburgh home for the christening of his month-old son, David Philip. It was only a few hours after that ceremony Sunday that his father-in-law, former National league outfielder Jimmy Smith, summed up Conn to the Smith home to straighten out their differences.

The two have been at odds for three years, ever since Billy fell in love with the girl who is now his wife — Smith's daughter, Mary Louise. When they were married a year ago, Smith threatened to "punch Conn's head off." The invitation to talk it over came from Art Rooney, friend of both. "I went to Smith's home as Art asked," Billy related. "Then Smith said, 'You and I have got some things to talk over.' He started to holler at me. Then he said, 'Aren't you scared of me?' and I told him I wasn't scared of anybody, particularly of him. Then it started. I hit him on the head, and that's when I broke my hand. It only lasted a few minutes before friends separated us."

PRINCIPALS LOAD OHIO SPORT CZAR WITH NEW CHORES

Townsend to Have Charge Of All Inter-School Competitions

By FRITZ HOWELL
COLUMBUS, May 12. — H. R. Townsend, state scholastic athletic commissioner, is about to have a flock of new chores loaded upon his broad shoulders, under a plan proposed by the Ohio High School Principals association.

The principals, the final voting authority in all state-wide matters pertaining to the high schools, desire to erase the word "athletic" from the state high school association, and then place all inter-school activities under the new association's jurisdiction.

At present state and district, and in some cases county, competitions are held in band, orchestra, chorus, dramatics, and debating — under the auspices of organizations not directly affiliated with the school system.

"A committee selected by the principals will meet soon with the state athletic board," Townsend said, "to discuss the possibility of placing all school competitions under the association. Its possible the new setup will be placed in effect for the 1942-43 school year."

The State Athletic Association is now operating on a budget of approximately \$15,000 per year, but Townsend said between \$30,000 and \$35,000 would be necessary to finance the new plan annually. The athletic group's revenue is derived almost wholly from the county, district and state basketball tournaments, plus fees collected from game officials.

The schools themselves paid annual dues of \$3 for several years, but that practice was discontinued about 10 years ago when the cage tournaments hit the "big business" bracket.

Townsend said the Illinois High School association had jurisdiction over all school competitions, and that the plan was "working well" in that state. However, he said the Illinois office was manned by eight or 10 employees, while Townsend has only a secretary and stenographer as assistants.

Should the new setup be placed in effect, Townsend said rigid eligibility rules would be devised, such as those now governing athletes, with which all entrants in the band, orchestra, dramatics, debating or other competitions would be forced to comply.

CHUBBY DEAN NAMED TO FACE NEW YORK

CLEVELAND, May 12.—The Horatio Alger boys of the American league—Cleveland Indians with their late-inning rally magic—are out today to cut the one and one-half game lead of the top-flight New York Yankees. The Yanks are here for two contests.

The Tribesmen, who in their recent victory streak of 13 games made a habit of winning them the uphill way, snatched one from the Detroit "Tigers" claws yesterday that was almost a repeat performance of Sunday's victory in the doubleheader nightcap.

The Indians started an inning earlier—in the eighth yesterday—to tie a Detroit lead of five runs, and then in the next inning they punched across the winning runs to win, 8 to 5.

Chunky Les Fleming provided the punch with his third home run after two were out, chasing in ahead of him Buster Mills and Jeff Heath.

The rookie first baseman, who drove in four runs to grab the batting honors, figured also in the Tribe's five-run uprising in the eighth that tied the score. He lined out the fourth single of the inning, after Oris Hockett, Buster Mills, and Jeff Heath had registered their bingles ahead of him.

Ken Keltner then greeted Charley Fuchs, who replaced Dizzy Trout, with a double, which scored Heath and sent Fleming to third. Les scored from there when Catcher Bixie Echols dropped the ball after tagging him. Keltner took third on wild pitch, and came home on the next play while Otto Denning was thrown out.

Sharing the honors with Fleming, relief hurler Joe Heving achieved the remarkable record of winning two games in two days by pitching only one inning each in yesterday's doubleheader and Sunday's doubleheader nightcap.

Manager Lou Boudreau named Chubby Dean to pitch today against either Vernon "Lefty" Gomez, or New York's shutout ace, Ernie Bonham.

REDS OPEN SERIES WITH LOOP LEADERS

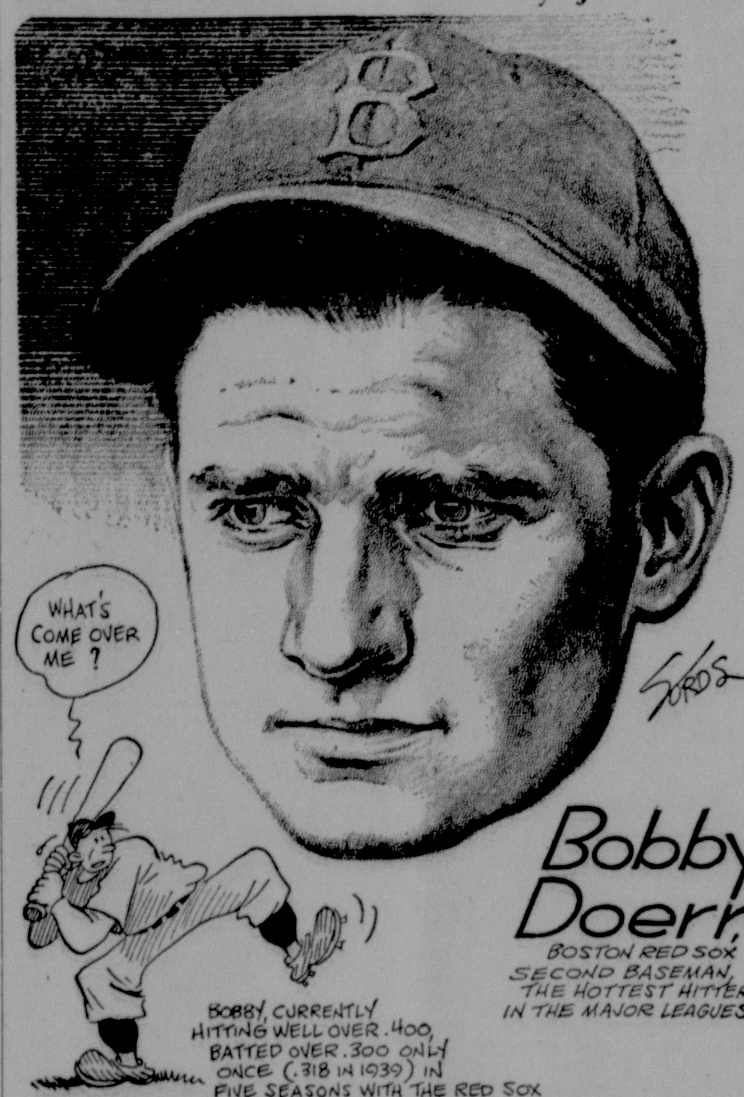

BROOKLYN, May 12.—Today the Cincinnati Reds start an 11-game eastern swing opening a two-game series at Ebbets field. A pair of victories for the Redlegs not only would save the wound left in the humiliation of Crosley field two weeks ago, but would put the Reds in striking distance of the loop's top slot.

Either Paul Derringer or Junior Thompson was manager Bill McKechnie's probable pitcher. Right-hander Kirby Higbe was Brooklyn's probable pitcher.

The May recovery of the Reds lifted them from seventh into 3 tie for fourth.

Stocky Rookie Slaps Third Homer of Season To Hold Up Indians

BY JUDSON BAILEY
Ordinarily anybody who can bat .414 in a class A-1 minor league can expect to have flags flying for a ceremonial cross-over of the major leagues' threshold.

Les Fleming hit .414 for Nashville in the Southern association last year and was gunning for league record with an average of .421 until he was blanked in a doubleheader on the final day of the season. He batted .678 in the play-offs and .470 in the Dixie series, too.

But Fleming was greeted with ridicule when he undertook to become the regular first baseman of the Cleveland Indians this spring. Observers said he was too short and clumsy to field his position.

His stratospheric average, and his home runs, didn't count, they said, because Nashville was a notoriously short rightfield fence.

Well, the season is a month old now and Fleming not only still is holding forth at first base for the Tribe, but is a vital reason for the Indians being in second place today, a game and a half behind the New York Yankees.

Some of those drives the squat, powerful Fleming tears off are better than long flies even in the American league and one of them yesterday was a home run over the rightfield wall at League park in Cleveland.

It was his third roundtripper of the season, enhancing a .333 batting average.

Boston Braves nosed out the Philadelphia Phils 3-2.

The second round of intersectional strife brought the western clubs of the National league to the east and concentrated all American league action in the west today.

BOBO DEFEATED BY VETERAN DORAZIO

PHILADELPHIA, May 12.—Gus Dorazio's latest job of spoiling a young heavyweight's title hopes was a stunning upset over Pittsburgh's Harry Bobo—so elated the battle-scarred veteran he's clamoring for another shot at Joe Louis.

The squat little Italian crouched and clouted his way to a split decision over the towering Negro in 10 furious rounds last night and probably knocked Bobo out of three juicy fights he had lined up this summer with Melio Bettina, Bob Pastor and either Buddy Baer or Lou Nova.

PALESTINE TAKES COUNTY EVENT AS QUAKERS COP 3RD

Bob Scullion Wins Shot; Schaffer Takes High Point Honors

East Palestine High's thinclads last night successfully defended their county track and field title, won last year, when they romped through to win the 39th annual running of the classic on the East Palestine track with a total of 58 1/2 points. Providing most of the competition for the Bulldogs were the East Liverpool Pottery, touted by many a favorite to win the championship, while the Salem Quakers finished third behind the Blue and White trackmen. East Liverpool had 44 1/2 points while Salem had 30 1/2 and Wellsville tallied 10.

East Liverpool's star hurdler, Al Schaffer, took first in both hurdles races, third in the high jump and was a member of the winning mile relay team to take high point honors. Christian of East Liverpool accounted for first place in both the 100 and 220 yard dashes.

The Bulldogs showed great strength in the distance events as they copied the majority of the places. Burris Hunston took the 440 yard dash in 53.9 seconds, defeating Salem's Ed Ferko by several yards. Frank Hagan, the other Salem contestant in this event, was disqualified for two false starts.

Scullion Wins Shot
Bob Scullion heaved the shot put 45 feet 9 1/2 inches to win that event and score the only first place of the evening for the Quakers.

Bob Ruffing and Johnny Hart finished second and third, respectively, in the discus throw won by Stan Kell, East Palestine ace. Ed Ferko copped a third in the 880 yard run while Darwin Charnesky placed fourth in the same event. Frank "Flick" Ettriken placed third in the high hurdles and fourth in the low hurdles while Bob Scullion took third place in the latter event. Gerald Bongham and Dick Boughn were involved in a four way tie for this place in the high jump.

Frank Snyder finished fourth in the broad jump with a leap of 16 feet 1/2 inch while Bill Shoop took third place in the mile run. The 880 yard relay team finished second and the mile relay crew came in fourth.

East Liverpool showed strength in the events in which the other schools were a little weak. They copped the hurdles races as well as both sprints in running up their total of 44 1/2 points.

All of the teams in the county meet will probably be present when the annual district meet gets under way Saturday at Reilly stadium.

WAR CROPS SPOIL, WITH LABOR SHORT

Big Loss Reported In Asparagus Already; No Aid In Sight

(By Associated Press)
BRIDGETON, N. J., May 12. — Hundreds of tons of valuable "war" crops are spoiling in the fields in South Jersey because of a harvest-time shortage of farm labor.

"Thousands of dollars worth of asparagus—first major crop to be harvested this season in the northeast—already has gone to waste and agricultural extension agents foresee severe losses in other crops, many of them on the lend-lease list."

The plight of this rich farm belt may be an indication of what lies ahead for other farm areas heavily dependent upon migratory workers, U. S. Farm Security Administration aides said after a tour of the area yesterday.

In the past, harvest-time families have trekked here by the thousands from southern states.

This year, the F. S. A. says, the migration has been far below normal, presumably because of the draft, the lure of high wages in war industries and the shortage of tires and gasoline.

Francis A. Raymaley, Cumberland county agricultural extension agent, declared many farmers will be financially ruined unless help arrives soon.

Kenneth Roberts, president of the Cumberland County Asparagus Growers association, pointed to a road scraped moving across acres of valuable asparagus beds.

"I'm paying to have overgrown and worthless stalks cut down," he said.

"With things as they are, I've canceled a contract to grow several acres of tomatoes, a lend-lease commodity."

Another grower said he was working at his harvest with only one helper—a man of 76.

George E. Lamb, agricultural agent for nearby Gloucester county, said entire families are working until 2 and 3 a. m. daily, sorting and packing stalks they pick by day.

Several farmers have banded together to send trucks to the south to bring back help. In one instance, trucks returned empty.

POLDER FINDS GOLF IS UNIQUE PASTIME

Golf has its peculiarities and Martin Polder in a couple of days has run into enough of them to last for the season.

Polder drove from the No. 8 tee at the Salem Golf club Saturday and the ball sped toward a tree 200 yards away. The ball was found afterwards neatly perched in the tree, caught between two branches.

Yesterday while playing in a foursome with Lester Killie, T. Emerson Smith and Twing Seeds, Polder made a "hole in one"—right in Seeds' golfbag.

Twing was standing about 250 yards distant when Polder hit one on the No. 1 tee. He ducked to avoid the ball which was coming his direction and the "pill" landed in the bag.

Bits of Sport

LOUISVILLE, Ky., May 12.—Joe Marinelli of Dayton, O., was knocked out by Mike Raffa of Fort Knox, Ky., fifth-ranking featherweight, in the second round of a 10-round feature fight last night. Both weighed 128.

NORFOLK, Va., May 12.—Pitcher Bob Feller, former Cleveland Indian, presented his Norfolk training station club with a 3 to 0 victory over the Norfolk Tars last night as a farewell gift. Feller is scheduled to report today at Newport, R. I., where he has been transferred by the navy. On the mound nine innings, Feller fanned 14 batters while allowing only two singles.

SEEK COMPETITION TO SPUR VAULTER TO GREAT HEIGHTS

Warmerdam, World champ, Sets Sights For 16 Foot Mark

OAKLAND, Calif.—Sixteen feet is a lot of "high up" in the pole vault and Cornelius Warmerdam, the man most likely to attain that dizzy height now thinks his chances are "not so good."

Wingfoot Warmerdam attributes his plight to "lack of competition." He has not given up on 16 feet and will aim for that goal in every meet. But he would welcome a competitor who could give him a fair run for it.

As the only vaulter who has cleared even 15 feet (19 times in competition and twice in exhibition), the Piedmont High school teacher starts warming up to his work after most rivals have called it a day. For the better part of a couple of feet he is on his own, with no rival breathing on his neck to touch off competitive spirit. It gets monotonous, like shoveling sand against the tide.

Warmerdam bettered his own unofficial world's record last Saturday with a breath-taking 15 feet 6 1/2 inches. Officially he is the indoor king with a clearance of 15 feet 7 1/2 inches early this year at Boston. He thinks he came closest to reaching the 16-foot mark in the Boston vault. He recalls he went over with several inches to spare.

Although doubtful of the 16-foot vault he is certain he can improve his present mark to 15 feet 8 inches without benefit of competition.

Warmerdam, who can run 100 yard in 10.5 second, weighs 163 pounds and stands an even six feet. He will make his next try at 16 feet or over in Memphis Sunday in the Cotton carnival. If he falls

Cocoa Is Limited
WASHINGTON, May 12.—The war
Production Board's order reducing
cocoa processing by about 30 per
cent, affecting the ingredient widely
used in confections and break-
fast beverages, today had extended
war-time limitation over break-
fast beverages to almost everything
except milk.
Previously the WPB ordered tea
consumption cut in half and coffee
sales reduced by 25 per cent.

and supplies from boats and planes
but apparently no ground forces.
He said that the transports at-
tacked yesterday in the Solomon
Islands, at Kessa, apparently were
a separate unit and not a part of
the fleet involved in the Coral sea
battle.

Seeking Shelter

The presence of a large Japanese
tanker in the treacherous waters
of the Deboyne, the largest of
which, Pannatelli, is only about four
miles long, would indicate that the
Japanese invasion forces were seek-
ing shelter from the Allies' sea-
scouring air patrols wherever they
could find it.

In the Coral sea battle itself,
Japan lost 17 ships.
Most of these were war vessels,
presumably the screen for heavy
invasion forces, and the conviction
has grown among Australians that
when the whole story of the battle
and its aftermath is known it will
be found that shiploads of Japa-
nese troops and weapons went to
the bottom of the Pacific.

This already has received some
substantiation from Allied com-
munications. Since the Japanese broke
off the sea battle, but presumably
as a consequence of it, the Allies
have announced as damaged by air
attack a seaplane tender and a
tanker, two submarines and the
ships listed today.

The only enemy actions men-
tioned in the communiqué were two
apparently feeble air attacks, one
with slight damage to an airdrome
at Port Moresby, the Allies' New
Guinea stronghold, and the other,
with no damage, on an airdrome on
Horn Island in Torres Strait be-
tween New Guinea and the main-
land.

Still, high Australians warned
that the security won in the Coral
sea may only be a respite and that
it probably was the forerunner of
greater Japanese efforts.

occupations are not contributing to
the war effort, it is desired to in-
duce a voluntary movement of the
latter into essential activities and
thus to release for military service
men without dependents who must
be deferred as "necessary men" until
they can be replaced at their work.

"Persons engaged in non-essential
activities, however, should not cease
their present employment until their
services are needed in war industry
or essential activity, Col. Goble warned.

Urges Orderly Movement

"This voluntary movement from
non-essential to essential activities
should be a gradual, orderly, and
economically sound transfer of
manpower. The federal government
will make known, from time to time,
the opportunities for training and
employment in activities essential to
the war effort so that this shift of
unemployment may be made without
unemployment disturbance to the wel-
fare of the community, the family,
and the individual," he said. "Each
individual registrant, however,
knows or should inquire into his
own capabilities and the opportuni-
ties for employment in war indus-
try, and should seek such employ-
ment without waiting for specific
instructions from the government."

"When men with dependents are
considered for military service," the
director emphasized, "local boards
will have regard for occupation to-
gether with the degree of depend-
ency. Registrants who have the
greatest degree of dependency, such
as a dependent wife and children
will be the last group sought for
military service," he said, "provided
that they have become necessary
men in war production or support-
ing activities."

News Briefs

(By Associated Press)

WASHINGTON, May 12.—The
"go home" sign was hung out to
tourists along the eastern seaboard
today as resident motorists from
Maine to Florida started lining up
for the gasoline ration cards they
will need after Friday.

MOSCOW, May 12.—The Soviet
information bureau declared today
that a big munitions works in the
German city of Munich recently
had been blown up and attributed
the reported blast to rising "resent-
ment of the German people to the
criminal Hitlerite clique."

WASHINGTON, May 12.—A
United States military striking
force of nine million men is being
considered in Washington legisla-
tive circles.

WASHINGTON, May 12.—A pos-
sibility of imminent poison gas
warfare in Europe prompted mem-
bers of congress today to urge
speedy action toward supplying
American war workers and other
civilians with masks to protect
them against any sneak gas raids
that might be attempted on this
country.

WASHINGTON, May 12.—Several
score former air liners, stripped of
passenger seats and fancy fittings
and repainted an olive drab color,
have joined the army to carry sol-
diers and military cargo.

which Vichy announced led Petain
to cut short his rest on the Riviera
and rush back by special train to
the seat of government.

(In London a Reuters dispatch
dated from the French frontier
said Goering himself had met Laval
at Moulins, according to diplomatic
circles.

Other unconfirmed London re-
ports asserted that Goering, who
was visiting in Paris, was the bearer
of far-reaching German demands
with the threat that Italy would be
given Tunisia and Corsica if Vichy
did not yield.)

The German radio said that the
Martinique question was in the
foreground of French discussions
and that S. Pinckney Tuck, U. S.
charge d'affaires, conferred with
Laval today.

Oppose Navy Disarmament
It said well-informed quarters re-
ported that Vichy would not con-
sent to disarmament of French
warships at Martinique or to hand-
ing over an oil fleet stationed in
the French West Indies.

The German radio added that
since the French-American negotia-
tions were expected to end Wed-
nesday, "extreme political import-
ance is therefore attached to the
French council of ministers' meet-
ing Wednesday, as it will no doubt
solemnly announce the French atti-
tude in the Antilles question."

Another German report said that
several thousand persons paraded
in Marseille Monday night in pro-
test against the British attack in
Madagascar, and that 15,000 partici-
pated in a similar demonstration
in Nice.

BLAMES GAS REPORT ON NEW LAND MINES

LONDON, May 12.—The Star
published a Vichy news agency re-
port quoting Bucharest sources to-
day which declared that a new
type of German land mine had
caused the Russians erroneously
to believe the Nazis had used poi-
son gas on the eastern front.

Prime Minister Churchill has
warned Germany that any use of
gas against Russia would be re-
garded by the British as gas war-
fare against Britain herself and
would be repaid in kind.

That "most Russian casualties in
the last few days bore no trace of
wounds made the Russian high
command believe that poison gas
had been used," the dispatch as-
serted.

Actually, according to it, a new
type of explosives "causes a con-
siderable decrease in pressure and
neutralizes oxygen in the air over
a radius of 300 yards."

Held For Grand Jury

WOOSTER, May 12.—Arch R.
Matteson, 33-year-old railroad em-
ployee, was held to the grand jury
at Orville after pleading innocent
to a charge of first degree murder.
He is accused of beating to death
his mother, Mrs. Ina Florence Mat-
teson, 62, with a shoe last Thurs-
day.

Cross Indian Frontier

LONDON, May 12.—A German
radio broadcast that Japanese van-
guard troops had crossed the In-
dian frontier at several points was
reported today by Reuters.

The German broadcast said light
Japanese forces also had taken
control of the coastal zone between
the Burmese port of Akyab and the
Indian port of Chittagong.

Lisbon Has Concert

LISBON, May 12.—Close to 500
persons enjoyed the Lisbon High
school band and orchestra concert
last night in David Anderson High
school auditorium.

A total of 266 student musicians
participated in the event, under the
direction of Arthur Wise, music
supervisor.

GENEVA, N. Y.—Ann Tarr and
Margaret Arnold accounted for
more rats and mice than any of
their masculine competitors in a
city school contest to reduce Gene-
va's rat population.

SCHOOLS FACING CUT IN ATHLETICS

Bus Ineligible for Tires
If Used To Transport
Teams

(Continued from Page 1)

buses, we can not continue our pro-
grams. If we hire buses, which we
can do, the same amount of rub-
ber is being used and the bus com-
panies are getting rich at the ex-
pense of the kids. If private cars
are being used, it will require
three times as much rubber to
transport the squad; therefore, it
dissolves itself into either stop-
ping our program or hiring pri-
vate buses."

Strausser said school people
were "naturally riled" by assertions
of rationing officials that the use
of school buses for team transpor-
tation would violate the spirit of
the conservation program.

"The government's attitude, if
this is their attitude," the letter
added, "is apparently inconsistent
unless they expect us to stop inter-
school sports."

Officials said the school were
faced with the task of adjusting
their programs to meet the re-
quirements of war rationing and
conservation of tires.

Dies In Sub Blast

OXFORD, May 12.—Philip Shera,
36, son of George Shera, lost his
life when submarines torpedoed a
merchant ship on which he was an
assistant engineer. The navy re-
ported the sinking off the Atlantic
coast. Shera remained below decks
to cut off the ship engines.

"FILL ER UP" ASK COAST MOTORISTS

Phrase Goes Into History
As Gas Rationing Be-
gins In East

(Continued from Page 1)

Registration of the 8,500,000 auto-
mobile owners in the 17 coastal
states and the District of Columbia
started alphabetically and will con-
tinue through Thursday. The Office
of Price Administration estimated
that about one-third of those apply-
ing for rationing cards would be
classified as "non-essential" and
limited to 21 gallons during the 47
day period from May 15 to July 1,
when a regular system of rationing
that may last for the war's duration
will be set up.

The non-essential motorists may
spurge their allowance all at once
on a motoring vacation, or spread
it out on a basis of three gallons
a week.

The eastern seaboard rationing
was made necessary because of cur-
tailed deliveries resulting from sink-
ing of tankers or their diversion to
war service.

John Dressler, president of the
New Jersey Retail Gasoline Dealers
association, urged that the ration-
ing program be extended to include
the entire country, holding "it is
ridiculous to cut gas use here by 50
per cent ... while the rest of the
nation can still ride around pleas-
ure-bent without any restrictions,
whatever."

NEW REGULATIONS FOR BUC EXPECTED

COLUMBUS, May 12.—G. Scott
Kallenbaugh of the Ohio bureau of
unemployment compensation ex-
pressed hope today new regulations
on seasonal employment could be
placed in effect by June 1.

The regulations provide that no
employment shall be deemed sea-
sonal unless designated as such by
the BUC administrator. The ad-
ministrator also is empowered "to
fix the proportionate number of
weeks of employment and earnings
required to qualify for benefits"
under the new setup.

Kallenbaugh expressed belief that
such industries as sugar beet rais-
ing, canning plants, summer re-
sorts, race tracks and the like
would qualify for seasonal classi-
fications under the provisions
which will be new to Ohio.

He said the regulations were
necessary because the last legisla-
ture, in amending the unemploy-
ment compensation law, wrote new
provisions more extensive than in
the old law.
